Deepak

MERN Stack Developer

PROFILE

Motivated MERN Stack Developer with hands-on experience building responsive, user-friendly web applications. Proficient in React, Node.js, Express.js, and MongoDB — passionate about clean code, modern UI, and continuously growing as a developer.

PROJECTS

- Portfolio Website** REACT · TAILWIND CSS
 - Built a fully responsive personal portfolio showcasing projects and skills.
 - Implemented modern UI design with clean component structure.
- cikIX — Creative Agency Website** REACT · TAILWIND CSS · FRAMER MOTION
 - Designed and built a premium agency website with a custom black, white & lime visual identity.
 - Developed interactive components including an animated services grid and a cursor-reactive tag cloud CTA.
 - Crafted a glass-effect navigation bar with smooth, subtle motion for a polished feel.
- FreshEat — Food Ordering Website** REACT · TAILWIND CSS
 - Developed a responsive food ordering UI with a smooth user experience.
 - Designed reusable components and layouts optimized for all screen sizes.
 - Applied modern design principles for clean, intuitive navigation.
- E-Commerce Website** REACT · TAILWIND CSS · MONGODB
 - Built a responsive e-commerce storefront with product listings, cart, and checkout flow.
 - Structured reusable UI components for product cards, filters, and category pages.
 - Focused on fast load times and a clean, conversion-friendly shopping experience.
